Dear Friend,

Giving is the best way to show our understanding of God's grace. His grace is the foundation of our life and Jesus' gift of his own life an example that we must replicate in order to share His grace to a hurting world.

In leading Italy for Christ for more than 30 years, my greatest joy has always been **to give and add value to others.**

The life of numberless people in Italy and beyond has changed eternally because of our giving in terms of **time, treasures and resources.**

Our model has always been multiplication!

We have never tried to become bigger as an organization but always aimed to bring up national ministries and support them to accomplish their God-given vision mainly based on **evangelism, church planting, leadership development and social justice!**

On our website under the tab "News" then reports, you will be able to see how progressive our accomplishments have been year after year!

This success has been based on faithful prayers and financial support of partners, like you, that have been behind us for years!

Please take this opportunity to become a partner of the ministry and sow not only for a fruit eternal but also for a better world if founded on the grace of God!

It is my daily prayer that day after day God will motivate individuals to invest in a ministry like ours that, by His grace, is changing lives, families, communities and ultimately nations!

I am looking forward to seeing you in heaven rejoicing for all the souls we have brought there through our partnership!

Together we are better!
